#### Getting Your Followers into Action

6. **Save FAQs** (Frequently asked questions) in your Instagram Stories Highlights so viewers recognize your expertise.

7. **Use Polls on Instagram Stories** to identify people considering a move: Create a Story asking if they are happy in their home and including "Yes" or "No" poll options. Then be sure to reach out to all of those that say no. Repeat every few weeks.

8. Work with another page on content and have them add you as a **"collaborator"** to expand your reach and introduce you to new audiences with the implied endorsement of your collaborator. (eg, A local ice cream spot for "best place in [your town].")
